- Suitable with maize and grass silage dairy meal, dairy blends.
- Feed 300 grams per cow, per day
- Designed to be fed to lactating dairy cows

HEALTH AND SAFETY

Material safety data sheets are available on request.

WHAT IS OPTIMATE™ POWER UP?

- **Optimate™ Power Up** has a special blend of macro minerals designed by Nutritionists and scientifically proven to help your dairy herds performance during lactation.
- **Optimate™ Power Up** has the added benefit of Kemin® CLOSTAT® probiotics, macros and trace elements. Kemin has identified and selected *Bacillus subtilis* PB6 as an active substance that helps maintain the balance of microflora in the intestinal tract of livestock. This helps with the maintenance and productivity of healthy animals.
- **Optimate™ Power Up** has the added benefit of Diamond V® Original XPC™ *Saccharomyces cerevisiae*. Diamond V® Original XPC™ products represent “the one-and-only original” in the field of fermentation products for animal nutrition and health. Validated by extensive peer-reviewed research. Original products continue to provide the best return on investment in the market today.
